CAYCE, SC – The City of Cayce and the Cayce Beautification board is thrilled to announce the 10th Annual Spring Plant Exchange. This event will be held at 10AM, Saturday, April 18th at the Cayce City Hall Complex (1800 12th Street).

The annual Plant Exchange is a great way for both new and experienced gardeners to further educate themselves on a variety of gardening tips and tricks while also collecting a new crop of plants for their gardens and outdoor areas. This is a wonderful opportunity to connect with others in the Midlands community and participate in conversations with a variety of experienced gardeners. We encourage you to bring any plant that can be potted or transplanted, including seeds, bulbs, clippings/cuttings, potted plants, shrubs, or tree to share; however, you did not have to bring a plant to participate.

John Winn, Chairman of the Cayce Beautification Board, stated, "The true beauty of the plant exchange is that we really never know what varieties of plants our attendees will bring, so there is always an element of surprise that I believe is thoroughly enjoyed by our attendees."

The labeling of plants will begin at 9:30am and the plant exchange will begin at 10:00am. We hope to see everyone this Saturday for the 10th Annual Spring Plant Exchange in Cayce!
